

## SRRC Ski Programs

The following chart contains a brief comparison of our 3 Ski Programs at SRRC

	COMP	TRAVEL	DEVO
Spirit of the program	Our entry-level racing program teaching our athletes advanced fundamental ski racing skills with a high degree of free skiing (75+%)	Our Travel Program is for athletes who are serious about ski racing and are willing to commit time and focus to prepare for high-level competition. All athletes are required to participate in PARA races and if they qualify to participate in state and/or national competition.	Our DEVO Program is an invitation only program for highly qualified athletes. The participation in the program is voluntary.

Participation in PARA races	Only at the 2 races at Roundtop. Requires USSA Racer License	Participation in all PARA races in line with age group Pending age group and qualification the athlete will also participate in PA State Championship and beyond
-----------------------------	---	---

SRRC expects all athletes to participate in the training at least 75% of the time. We expect parents to inform the coaching team via signup on TeamSnap to indicate the participation in the training. SRRC has the right to exclude athletes from the participation in club races or PARA races if the athlete is not regularly participating in the training.

SRRC requires all parents to volunteer during PARA races and club races, and support our fun & family events. For more information please check the volunteer download material.

Please check the following information related to required ski racing equipment:

1. Our SRRC recommendation sheet
2. USSA Ski Equipment Guidelines
